**OIL TARIFF FILING**

October 30, 2017

Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, D. C. 20426

ACCOMPANYING TARIFFS ARE SENT TO YOU IN COMPLIANCE  
WITH THE REQUIREMENTS OF THE  
INTERSTATE COMMERCE ACT AND FEDERAL ENERGY REGULATORY COMMISSION  
REGULATIONS.

THIS TARIFF IS ISSUED BY:

- Bengal Pipeline Company LLC (Bengal)

TARIFF NUMBER  
FERC No. 19.13.0, Local Rates Tariff

EFFECTIVE DATE  
November 30, 2017

In accordance with the requirements of the Interstate Commerce Act and the regulations of the Federal Energy Regulatory Commission (the “Commission” or “FERC”), Bengal hereby submits for filing FERC No. 19.13.0 (the “Tariff”), canceling FERC No. 19.12.0 (Docket Number IS18-12-000).

### **Background**

The Bengal system is composed of two main lines, a 16-inch line that runs from Convent (Saint James Parish) Louisiana (“Convent”) to the Colonial Pipeline Junction located at the Baton Rouge Product Station in East Feliciana Parish Louisiana (“Colonial Junction”) (the “16-inch Line”), and a 24-inch line that runs from Norco (Saint Charles Parish) Louisiana and Garyville (Saint John the Baptist Parish) Louisiana to the Colonial Junction (the “24-inch Line”) (collectively the “Mainlines”). Each Mainline has its own stub line that connects the line to Plantation Pipeline (“Plantation”).

On October 20, 2017, Bengal filed a temporary embargo for all movements originating on the 16-inch Line and delivering to Plantation to perform emergency maintenance on the stub line that connects the 16inch Line to Plantation (“16-inch Stub Line”). After reviewing in more detail the asset integrity information for this line, Bengal has determined that the best course of action is to abandon service on the 16-inch Stub Line.

### **Filing**

The Tariff removes Plantation Pipeline Junction (1) (East Baton Rouge Parish) Louisiana as a delivery point for Convent originations due to the abandonment of service on the 16-inch Stub Line.<sup>1</sup> Deliveries to Plantation will continue from the 24-inch Line as those deliveries are done through a separate stub line.

---

<sup>1</sup> Consistent with the Commission’s decision in *Williams Pipe Line Company*, 21 FERC 61,260 (1982), the Commission has found the abandonment of a lateral to be a complete abandonment over which the Commission does not have jurisdiction. *Eighty-Eight Oil LLC v. Tesoro High Plains Co.*, 117 FERC P 61,006 (2006) (“*Eighty-Eight Oil*”); *Plantation Pipe Line Co.*, 98 FERC ¶ 61,219 (2002).

**Notification**

Pursuant to 18 CFR Section 343.3, Bengal requests that any protests or complaints related to these publications be transmitted via facsimile to the attention of Helene Long at (678) 762-2883 and confirmed by her or her administrative assistant at (678) 762-2322.

I hereby certify that I have on or before this date distributed by agreed-upon means, one copy of the publication listed herein to all subscribers thereto. Questions regarding this tariff filing should be directed to Lindsey Woody at (678) 762-2502.

Very truly yours,

A handwritten signature in blue ink that reads "Lindsey Woody". The signature is written in a cursive, flowing style.
